* Amendments marked with an asterisk require a 55% majority in order to become law because they add language to the Colorado constitution.

Amendment B: Gallagher Amendment Repeal

Yes: Supports repealing the Gallagher Amendment, which sets residential and non-residential property tax assessment rates in the state constitution; allowing the Colorado State Legislature to freeze property tax assessment rates at the current rates (7.15% for residential property and 29% for non-residential property).

No: Supports maintaining the Gallagher Amendment, which requires a residential to non-residential property tax ratio of 45% to 55% and requires the state legislature to adjust the residential assessment rate down to maintain the required ratio. Since 1982, the residential property tax assessment rate has dropped from 21% to 7.15% under Gallagher.

***Amendment C: Charitable Bingo and Raffles Amendment**

Yes: Supports amending the state constitution to lower the number of years an organization must have existed before obtaining a charitable gaming license from five years to three years and to allow charitable organizations to hire managers and operators of gaming activities so long as they are not paid more than the minimum wage.

No: Opposes changing constitutional requirements for charitable gaming activities, thereby continuing to require that organizations must have existed for five years prior to obtaining a charitable gaming license and require those who operate charitable gaming activities to be unpaid volunteers of the organization.

***Amendment 76: Citizenship Requirement for Voting**

Yes: Supports amending the Colorado Constitution to state that “only a citizen” of the United States who is 18 years of age or older can vote in Colorado.

No: A "no" vote opposes amending the Colorado Constitution, thus keeping the existing language that says “every citizen” of the U.S. can vote in Colorado.

Amendment 77: Allow Voters in Central, Black Hawk, and Cripple Creek Cities to Expand Authorized Games and Increase Maximum Bets

Yes: supports allowing voters in Central, Black Hawk, and Cripple Creek—the only towns where gaming is legal in Colorado — to (1) approve a maximum single bet limit of any amount and (2) expand allowable game types in addition to slot machines, blackjack, poker, roulette, and craps.

No: opposes allowing voters in Central, Black Hawk, and Cripple Creek Cities to approve a maximum single bet limit of any amount, thereby retaining the current maximum single bet limit of \$100, and opposes expanding allowable game types, thereby limiting games within the cities' casinos to slot machines, blackjack, poker, roulette, and craps.
